

North American Shetland Sheepbreeders Association

Postal Registration Application

Breeder Name _____

Farm Name _____

Breeder Flock Prefix _____

Address _____

Breeder Flock Number _____

Please enter complete +4 zip code

Office Use Only	Microchip, Tattoo, Breeder Tag	Name (*)	Sex	Date of Birth	Single, Twin	Color (See Chart)	Markings (See Chart)	Check if AI	Sire: Reg # and Name	Dam: Reg # and Name

If sheep are to be transferred to another owner, please list the necessary information on the reverse side of this sheet.

I verify that these sheep conform to the 1927 Shetland Breed Standard. The Standard can be found on the NASSA website, or in the NASSA Handbook.

See NASSA Registration Rules, Colors and Markings chart.

(*) Names will be automatically prefixed by the breeder's flock prefix.

Breeders may submit computer-generated reports in lieu of filling in this form provided that all information is included. Attach listing to this form and sign below.

By submitting this form, I certify that the information supplied is correct and the sheep conform to the 1927 Shetland Sheep Breed Standard.

Signature _____ Date _____

- 127- Smirslet
- 128- Sokket
- 129- Sponget
- 130- Snaelet
- 131- Yuglet

There are shades between these main colors; for example, a very pale fawn or musket, etc. Select the closest color from the list. If uncertain, use the more general "moorit" for varying shades of brown and "grey" for shades of grey.

Use the official number for any color and markings. If unsure, describe the markings and attach to the registration.

For complete descriptions of colors and markings, please refer to the Color and Markings Chart.
